Report on the 3rd Year Portfolio

Name

PID#

The committee should review the student's portfolio and have a meeting with the student to orally discuss aspects of their professional development. The portfolio is viewed as a formative assessment opportunity for the student. As such, the committee may recommend that the student undertake specific activities to be adequately prepared for the dissertation process.

The student has satisfactorily completed both the written and oral portions of the portfolio process and is now cleared to begin working on the dissertation proposal.

The committee recommends that the student do the following in preparation for the dissertation process. The advisor will be responsible for ensuring that the student satisfactorily completes these activities (see below for details).

The committee recommends that the student do the following in preparation for the dissertation process. The committee would like to meet with the student again to discuss progress on these recommendations. The suggested timeline for completing these recommendations is _____ weeks.
